Chantal and Alex, please see below details of a potential RFA from law enforcement. I have asked RCMP/OPP to contact the GOC to help facilitate this request:

RCMP have also indicated below that **they have not yet confirmed rationale or their own check for CAF as last resort/non-competition with private sector** rationale. The base they are referring to below is Connaught Range.

- 1) Air transportation for approximately 1000 Public Order Unit (POU) members and equipment from across Canada, east and west coast, to Ottawa International Airport.
This includes shields, batons, 1-2 hockey bags each, personal luggage, ammunition, pepper spray, gas canisters, blasting caps and equivalent explosives, various firearms.
- 2) Inquiring about availability of military "buses", POU is looking at city buses.
- 3) Lodging and meals on base. Scheduling will likely be rotation for the police with most deployed during the day. Meals off base likely supplied by private sector.
- 4) Training and logistics/command centre space on base.
- 5) Heavy equipment to move up to semi-trucks and trailers and operators. POU is looking for private sector options, we anticipate difficulties even with Emergency Act orders in acquiring willing driver/operators or wrecking equipment.

Gentlemen,

CJOC has received information on a possible RFA to the CAF from our RCMP LO. Passing on for your SA. I will not send out for staff checks until we receive direction that CAF assets can be included in planning.

RCMP have also indicated below that **they have not yet confirmed rationale or their own check for CAF as last resort/non-competition with private sector** rationale. The base they are referring to below is Connaught Range.

- 1) Air transportation for approximately 1000 Public Order Unit (POU) members and equipment from across Canada, east and west coast, to Ottawa International Airport.
This includes shields, batons, 1-2 hockey bags each, personal luggage, ammunition, pepper spray, gas canisters, blasting caps and equivalent explosives, various firearms.

- 3) Lodging and meals on base. Scheduling will likely be rotation for the police with most deployed during the day. Meals off base likely supplied by private sector.
- 4) Training and logistics/command centre space on base.
- 5) Heavy equipment to move up to semi-trucks and trailers and operators. POU is looking for private sector options, we anticipate difficulties even with Emergency Act orders in acquiring willing driver/operators or wrecking equipment.

Tentative dates:

Feb 20th Sunday, arrival/transportation

Feb 21 Monday, training and briefings Monday 21th

Operation Tuesday 22 am till 1-2 weeks or until resolved.

Thank you,

For your SA and for planning purposes/staff checks RCMP and CAF only.

Initial meeting with the integrated Public Order Unit (POU) planning group indicates CAF RFA for:

- 1) Air transportation for approximately 1000 POU members and equipment from across Canada, east and west coast, to Ottawa International Airport.
 - a. This includes shields, batons, 1-2 hockey bags each, personal luggage, ammunition, pepper spray, gas canisters, blasting caps and equivalent explosives, various firearms.
 - b. Inquiring about availability of military "buses", POU is looking at city buses.
- 2) Lodging and meals on base. Scheduling will likely be rotation for the police with most deployed during the day. Meals off base likely supplied by private sector.
- 3) Training and logistics/command centre space on base.
- 4) Heavy equipment to move up to semi trucks and trailers and operators. POU is looking for private sector options, we anticipate difficulties even with Emergency

Act orders in acquiring willing driver/operators or wrecking equipment.

Tentative dates:

- a. Feb 20th Sunday, arrival/transportation
- b. Feb 21 Monday, training and briefings Monday 21th
- c. Operation Tuesday 22 am till 1-2 weeks or until resolved.

We will work on the CAF as last resort/non compete private sector rational. I believe National Interest is satisfied at this point.
